Life-wide Learning
A plurality of different interest groups to develop students five domains balanced development, such as sports team ,STEAM team ,Mathematical Olympiad team,orchest wooden flutes group, Western dancing class, Chinese and English drama groups and the other classes to meet the "One life One Sports Or Arts" policy.
School Mission
Our school motto is "Diligence, Thriftiness, Happiness and Courage". By providing our students with the best-quality and balanced education, regardless of their capabiliti class or race, our School aims to equip them with lifelong learning skills, and nurture them to become well-rounded citizens, with a holistic and personalized development bas on moral, intellectual, physical, social and aesthetic values.
School Characteristics
School Management
School Management Organisation: Our school is operated by the government and managed by our School Management Committee. There are fifty-six teachers in the school, including the Headmistress, 3 Deputed Heads, 15 Senior Teachers and 37 teachers.
Incorporated Management Committee / School Management Committee / Management Committee: The chairman of our school management committee is appointed by the government. The committee members include the School Headmistress, the representatives teachers, parents and alumni. There are also three members from the society.
School Green Policy: Student Environmental Protection Ambassador Scheme.
School's Major Concerns:
 Conduct values education to foster positive values and good citizenship among students. Develop students' communication skills, problem-solving skills and creativity through higher-order thinking strategies.
Learning and Teaching Plan
 Learning & Teaching Strategies: 1. Emphasize on MoralEducation, Civic Education and National Education. Provide School-based Value Education curriculum. 2. Actively promote STEAM education and e-learning. 3. Promote Reading and Project Learning (P.1-P.3 focused on Cross-Curricular learning, P.4-P.6 Project-based learning).
 Provide School-based Value Education lesson, Reading lesson and Native English teacher lesson. Organize various interest groups and extracurricular activities. Native English tutor to enhance pupils to learn English.
 Provide Class Teacher lessons and Tutorial lessons . Makes good use of the multiple intelligence program to create learning space for students to demonstrate their intelligences.
Development of Major Renewed Emphases of the Primary Education Curriculum:
 Actively promote national and value education. Set it as a matter of concern and integrate primary values and attitudes into subject learning. Comprehensive planning of STEAM education by connecting different learning areas and subjects. Utilizing the STEAM education model to provide students with more opportunities to synthesize and apply knowledge and skills, so as to cultivate students' interdisciplinary thinking and global vision. Develop "blended learning teaching model" in each subject with the use of e-learning platform. Increases students' multi-perspective thinking, and consolidates what the have learned through pre-learning and blank reflection.
4. Strengthening cross-curricular learning and reading across the curriculum, interdisciplinary reading and reward schemes.
Development of Generic Skills:
The school strongly emphasize on enhancing pupils' generic skills in different environment. Develop pupils' communication, creativity and critical thinking ability.
