Eric's wonderful adventure

They did not know what to do. Then the genie had an idea. 'Let's go to find a wizard to help you!' he suggested. Eric nodded and asked the genie, 'How can we find him?' 'We need to reach the top of the mountain to find him,' the genie replied. Eric was kind of worried. However he still set off for the mountain bravely.

At first, the genie and Eric saw a horrible spider which wanted to eat them. Luckily, they ran fast so the spider gave up. After a while, there was a huge rock stuck in the road and they could not walk through it. The genie had an idea. He could use his magic to remove the rock but he could not go with Eric anymore because he was too tired and couldn't move within a few hours. Eric walked quickly because he was too scared. Suddenly there was a roaring sound. He saw a lion behind him! He calmed himself and touched the lion gently. The lion knew that Eric was not an enemy and let him go.

At last, Eric found the wizard. He was very excited. The wizard smiled at him and said, 'Here you go. This is the magic potion which makes you turn into normal size. Remember, nobody is perfect.' Eric drank the potion and turned back into normal. He thanked the wizard and went back home happily.

In the end Eric learnt that he should not be sad of his defects and he lived happily forever after that.
